TESTIMONIALS

"Make more mistakes" / Anna

Comparing with others, WALES IELTS lessons not only focus on test subject also offer grammar and group discussion class and I am surprising with that.

All your teachers were asking my goal and they were providing sort of methods to prepare the IELTS as well as learn English. From practicing, I built more confidence because I learn a lot and teachers always encourage me don't afraid to make the mistakes and you can from the mistakes to learn more.

Therefore, I am looking forward to going school to study every day. I believe that I can progress as soon as possible.

"One of the happiest moment ever!!" / Vanessa

Since I studied ESL (English communication) at Wales, my English skills have been improved a lot, from a person couldn't speak English, couldn't understand English and also I was shy when I met foreigner, now I can communicate with friends from other countries who study in the same school with me by using English everyday.

Although my English skills are not excellent (because my name is not in the top ten student list haha), I am really happy with what I have learned in Wales.

"comfy" / Pablo

The schedule was very appealing for me: Six hours of private class and two hours in a group, daily for one month. It was demanding -this is Asia, guys, don't forget it!

My goal was improving my English before travelling around Asia, but I got something better: I started to traveling every day, in every class, talking to my teachers and my classmates I was meeting new cultures, new food, new advices, new visions of life from the Philippines, Japan, Korea, Vietnam, Taiwan, China, Arabia, and so on.

"WALES style fits me" / Chiaki

In a program, subjects can be changed so I maximized the number of Speaking classes. I got surprised and appreciated that school reacted to change my schedule within the day I requested.

As for meal, 3 meals throughout Monday to Friday and 2 meals on weekend. You can eat as much as you want.

Near the school, there is a park that you can take a walk. Café, restaurant, convenience store...etc are also near that you can reach with a few minutes walk.

[IELTS]From 4.0 to 6.5 within 4 months!!!! / NIKITA

The reason why I study English, specifically IELTS is I will study in Canada. I really appreciate all of my teachers and school staffs, they help me out a lot. After studied here, I realized that I'm more mature than before, I can make my own decision. In WALES, teachers are very enthusiastic and friendly, not only as my teachers but also as my friends. Beside that, our Vietnamese manager encourages me to study everyday.

Improved 2.5!!!!

After studied for 4 months, from IETLS 4.0, I can improve my score to 6.5, especially my speaking has significantly improved. In the first month, my English didn't improve much. However, in the 4th month it's significantly improved.

- **Entrance test :** Band score 4.0 (Listening : 3.5 / Reading : 5.0 / Writing : 2.0 / Speaking : 4.5)
- **After 4 months :** Band score 5.5 (Listening : 6.5 / Reading : 4.5 / Writing : 5.5 / Speaking : 6.0)
- **Official test :** Band score 6.5 (Listening : 7.0 / Reading : 5.5 / Writing : 6.0 / Speaking : 7.0)

No need to force yourself to study...?!

WALES is not Sparta system, we are allowed to go out after class, but also thanks to that, I can study more relax and study more comfortable

My room was very clean, Wi-Fi connection also stable, food are not as good as Vietnamese food but it's okay, chefs cook variety of food for every meals. The only problem was that my skin got more dry because of the weather.

My agent recommended me to study in WALES, overall I'm very satisfied with her recommendation. If you want to study in this homey ambience and effectively, you should come to WALES to study. If I have chance to go Baguio, definitely I'll come visit WALES.

[IELTS]Improved writing skill 1.5~6.5 within 2 months / TRANG

I came here to study with my best friend though the recommendation from my agent. We were studying in Russia but we want to change the environment, so after studied English here, we'll go study at university in Canada.

Study English in Philippines, especially WALES made me become more mature, think more about my action. I made a lot of friends here, from different nationalities, so it's very good chance for me to practice speaking English outside class, but we don't keep in touch much after we graduated since we are busy with our own things. However, teachers and staffs in WALES are friendly and enthusiastic, they helped me a lot.

During entrance exam, my writing score was only 1.5, I got really sad, I couldn't believe that I got such a low score, but I took mock test again after 2 months and my score has improved to 6.5.

Therefore, in my opinions, it's better to choose school like WALES, not so strict, not so stressful, you have more time to relax and explore the Philippines while studying here. I'm very satisfied with everything in school, I've enjoyed a lot.

If you want to improve your IELTS score in short time and also want to study in not so pressure atmosphere then you should come to WALES to study. I bet you won't regret your decision.

SM mall and Bunharm Park

Baguio SM is a shopping mall located in the city of Baguio in the Philippines. It is part of the SM Supermalls chain, which is the largest shopping mall operator in the Philippines. Baguio SM offers a wide range of retail shops, restaurants, and entertainment options, as well as a supermarket, department store, and cinema.

Bunharm Park, on the other hand, is not a well-known destination in Baguio. As an AI language model, I don't have any information on a place called "Bunharm Park." It is possible that you may have spelled the name incorrectly or it is a lesser-known attraction in the city.

Grocery

Within walking distance from the academy, there are several grocery stores, including Seven Eleven, Korean Grocery, Asian Mart, and Japanese Import Products. One of the largest grocery stores in the area is Pure Gold, offering a wide selection of products.

Having several grocery options near the academy is a convenient advantage for students who may not have access to transportation or prefer to shop on foot. These stores offer affordable prices, and students can take advantage of the various products and items available. Overall, students can take advantage of the convenient location of these grocery stores and shops, allowing them to purchase what they need to make their time at the academy more comfortable and enjoyable.

Canto

Their best seller is the Lomo Ribs, a grilled pork ribs marinated with homemade barbecue sauce. They usually partner this dish with a salad and mashed potato.

As expected, Canto's best-selling grilled lomo ribs never disappoint. It's juicy, tender, and that barbecue sauce adds a flavorful explosion inside my mouth. The mash potato is also creamy! Baguio is also known for its freshest vegetables so you'll also taste the freshest salad here in Canto. All I can say, that 15-20 minutes queuing time is worth the wait!
